A Note from the Director

Agatha Christie's 'And Then There Were None' is the best selling crime novel of all time. It was first published in 1939 but when Christie adapted it for the stage four years later she changed the ending, believing that in those dark times audiences needed something more hopeful.

The current script gives producers the option to stick with the 1943 finale or go back to the nihilistic ending from the novel. You will have to wait and see which way we have gone!

This play has been an absolute joy to direct. Our talented cast have worked brilliantly together to bring the story and each of the very different characters to life. I am extremely grateful to everyone who has supported us in rehearsals, backstage and front of house as well as the team who created our beautiful set, perfect props, elegant costumes and atmospheric sound and lighting.

So please join us as we travel to Soldier Island, just off the coast of Devon - "a wizard place for a holiday!"

But do keep your wits about you as things may not not always be what they seem...

Please note that there will be three gun shots in the second half of this production.

Our next show!

18-20 JUNE 2026

Pygmalion delighted and scandalised its first audiences in 1914. A brilliantly witty reworking of the classical tale of the sculptor Pygmalion, who falls in love with his perfect female statue.

It is also a barbed attack on the British class system and a statement of Shaw's feminist views. Henry Higgins is the Pygmalion figure who believes he can transform cockney flower girl Eliza Doolittle into a duchess at ease in polite society; however, he overlooks that his 'creation' has a mind of her own...
